

On the Minds of the AW Detailers

Homesteading? Expect to move more in the future as AWs continue to transition to new platforms. Follow-on orders in the same geographic area cannot be guaranteed as billet structures continually evolve.

- For AWOs, the P-3 / P-8 transition will continue to provide challenges in the detailing process. Sailors are highly encouraged to talk to their chain of commands and Aircrew Detailer regarding options once they start the transition.

Remember, there is more Navy out there than just San Diego, Jacksonville, or Whidbey! For more information, visit <http://www.public.navy.mil/bupers-npc/enlisted/detailing/aviation/Pages/AWRatingInformation.aspx>.

On the Minds of the AW Detailers: pt 2

AWs must OBLISERVE within 30 days of receipt of valid Aircrew orders. If not, you will be DIFCREW Revocated (IAW BUPERSINST 1326.4E) and force converted to a new rating (must meet new rating criteria). If a sailor is SRB eligible and needs to wait to reenlist in order to qualify for the SRB, Detailers will work with them on a case-by-case basis.
