

On the Minds of Seabee Detailers: Charlie Company

The five Keys to the detailing process

Communicate with your Detailer – Inform your detailer of your future intentions, i.e. recruiting, NSU, or Camp David. You need to apply for special shore programs 12 months from your PRD. If a situation is unclear and you need help, please call your detailer.

Update your personal information on CMS/ID - This is an efficient and effective tool that detailers use to communicate with you, via phone or email. It's much easier than trying to track you down at your command.

Select 5 jobs during each month of the negotiating process - This ensures that you have some input in your future. Become familiar with NAVADMIN 226/12 and fully exercise your application opportunities.

LIMDU and Pregnancy personnel - You need to contact your detailer once you are cleared for full duty. Turn all medical paperwork into PSD to be AVAILED for detailers to write you a set of orders.

Be flexible when choosing a duty station – as the Seabee community goes through its current right sizing of the force, I (BU1 (SCW) Burke) ask that you think outside the box when it comes to looking for a set of PCS orders.
