

### On the Minds of the AM Detailers

We're looking for a few AMs. Conversion INTO the AM Rating is an option for Year-Groups 2003, 2007, and 2009. Professional Apprenticeship Career Track (PACT) Designation quotas exist for 2011-2013 Year Groups. All applicants need to pass Flight Deck Physical and the following ASVAB requirements: VE+AR+MK+AS=210 or VE+AR+MK+MC=210. Conversion out of the AM Rating is rarely approved due to overall rating health. Contact your detailer for more information: <http://www.public.navy.mil/bupers-npc/enlisted/detailing/aviation/Pages/AMRatingInformation.aspx.aspx>

### On the Minds of the AM Detailers-p2

Motivated Sailors are needed for Non-Destructive Inspection (NDI) billets throughout the Fleet. Qualifying ASVAB scores and a Secret Clearance are required for the NDI program.

- AMs perform aircraft non-destructive inspections (NEC 7225) without direct supervision, afloat and ashore, under all readiness conditions. Basic requirements for this program are:
  - E-4 or above with 3 years time-in-service;
  - Minimum ASVAB combined WK and AR score of 105;
  - Pass a radiation medical screening.

\*\*\*Sailors interested in the technical field should contact the NDI detailer\*\*\*
