|----------------------------|--|
| <b>Governing Directive</b> | CNET P1552/16, Navy Swimming and Water Survival Instructors Manual |
|----------------------------|--|

1. **Safety Requirements**. As prescribed in CNET P1552/16, chapter 12.
2. **Minimum Qualifications**. The minimum water survival qualification for service in the Navy is Swimmer Third Class. Personnel not able to qualify as Swimmer Third Class at officer and enlisted accession schools should be recycled or held back for a maximum of three weeks to achieve this qualification.
3. **Third, Second, and First Class Qualifications**. Swimmer qualification tests will be administered and graded in accordance with CNET P1552/16, chapters 12 and 13.
4. **Service Record Documentation**
  - a. Personnel who qualify as a Swimmer Third, Second, or First Class will receive a verification entry on NAVPERS 1070/613, Administrative Remarks, in the service record. Entry will include the name, rank, SSN, and the command of the individual administering the test.
  - b. For individuals who fail to qualify for Swimmer Third Class, the detaching command shall prepare a NAVPERS 1070/613 entry stating,

|  |
|--|
| "Member agrees to seek additional swimming instruction and will not be eligible for Class "A" or "C" School, apprenticeship training, extension of enlistment, reenlistment, or assignment to any afloat command until successful qualification as Swimmer Third Class." |
