Subj: DOCUMENTING FORFEITURE OF ABATEMENTS AFTER RELEASE OF PRISONERS  
FROM CONFINEMENT TO SUPERVISION; CORMIS ENTRY

Ref: (a) NPC ltr 1640 Ser 00D1/056 of 14 Apr 09  
(b) SECNAVINST 1640.9C, 3 Jan 06

1. Purpose. To document forfeiture of abatements within the Corrections Management Information System (CORMIS) for prisoners released from confinement to supervision.

2. Background. Reference (a) provides clarifying guidance regarding forfeiture of abatements where revocation of supervised release has been directed by a Service Clemency and Parole Board (C&PB).

a. Abatement collectively includes good conduct time (GCT), earned time (ET), and special acts abatement (SAA).

b. Supervision/supervised release is the directed release of a prisoner by a Service C&PB to parole or mandatory supervised release (MSR).

c. Prisoners forfeit all abatements earned prior to their release from confinement to supervised release.

d. Service C&PBs may order, if appropriate, restoration of abatements earned prior to a prisoner's release to supervision if supervision is revoked; per reference (b), brig officers shall not restore such abatements nor any other outstanding forfeitures.

3. Policy. Immediately after release of a prisoner from confinement to supervision, brig officers shall ensure forfeiture of all abatements is entered into the prisoner's CORMIS case record, to include date of forfeiture with an accompanying remark.

4. Applicability. This policy applies to all Navy post-trial shore brigs.
